HISTORY SE SEEKHO

Har 5-10 Saal Mein Business Badalta Hai. Jo Nahi Badla, Woh Gaya.

Ye kahani aapne khud dekhi hai — apne mohalle mein, apne sheher mein:

2001

Kirana-Era — Sab kuch tha, phir bhi gaya.

Udhaar khata, ghar tak saman, sabse pehchaan. Phir supermarket aaya — 2 rupaye sasta — aur poori family wahan shopping karne lagi. Dukaan wahi rahi, customer badal gaya.

2010s

Supermarket-Era — Monopoly thi, phir bhi haara.

Warehouse, sasta saman, bade stores. Owner ne socha "mujhe koi nahi hara sakta." Phir Amazon, Flipkart, Blinkit aaye — 10 minute mein saman ghar par. Jeeta hua giant bhi band ho gaya.

AB 2026

AI Era — Is baar aap aage raho.

Naya daur shuru ho chuka hai — Smart AI, automation, digital systems. Jo abhi badlega, agle 10 saal woh raaj karega.

“ Humara mission hai 1,00,000+ small businesses, MSMEs aur manufacturers ko corporate level tak le jaana. ”

Taaki aap competition se nahi — market se aage niklo. Bade fish se compete karne ke liye ab bada budget nahi, smart system chahiye.

HUM KYA DETE HAIN

Alag Alag Tools Nahi. Ek Complete Smart System.

Zyada tar businesses 5 alag apps use karte hain — hisaab kahin, orders kahin, staff kahin. Result: confusion. Hum sab kuch **ek connected system** mein dete hain:

Website + Mobile App

Aapki dukaan customer ki jeb mein. Naye customer Google se aayenge, purane app se wapas. Online orders, booking, payments — sab digital.

Smart AI CRM

Har enquiry, follow-up, sale, hisaab, staff, stock — ek dashboard mein. Business ka poora control aapke mobile par.

AI Agent — 24/7

WhatsApp par customer ko turant jawab, raat 2 baje bhi. Leads qualify karta hai, follow-up karta hai. Employee sota hai, AI nahi.

Automation

Invoice, payment reminder, stock alert, daily report — repetitive kaam automatic. Time bachao, galtiyen hatao.

Sabse badi baat: Aapko technology samajhne ki zaroorat nahi. Aap bas apna business batao, apni problems batao — **system hum banayenge, chalana hum sikhayenge, support hum denge.**

Aapke Sirf 3 Kaam: 1. Apna business batao → 2. Hum system banayenge → 3. Aap sirf grow karo

RETAIL · KIRANA · LOCAL SHOPS

Aapki Dukaan, Ab Customer Ki Jeb Mein.

✗ Aaj Ki Problems

- ✗ Customer sirf mohalle tak — nayi reach nahi
- ✗ Online wale sasta de rahe hain, customer ja raha hai
- ✗ Udhaar / hisaab register mein — galtiyen aur bhool
- ✗ Customer ka number tak nahi — wapas kaise bulayein?
- ✗ Din bhar dukaan par — chhutti li toh dhandha band

✓ Smart System Solution

- ✓ **Apni Website + App** — poora sheher aapka customer
- ✓ **Online Orders + Delivery Leads** — WhatsApp/app se order, aap deliver karo
- ✓ **Digital Ledger** — udhaar, payment, hisaab automatic
- ✓ **Customer Data** — har customer ka record, offers bhejo, wapas bulao
- ✓ **AI Agent** — aap ghar par ho, orders phir bhi aa rahe hain

FEATURE	AAPKE BUSINESS MEIN FAYDA
Online Store / Catalogue	Customer ghar baithe products dekhe, order kare — aap bade platforms ko commission dena band karo
WhatsApp AI Assistant	"Bhaiya ye hai kya?" — har sawal ka turant jawab, order confirm, payment link — automatic
Loyalty & Offers	Purane customers ko festival offers, points — repeat sales badhao
Daily Sales Report	Raat ko ek message: aaj kitna bika, kitna udhaar, kitna profit

🔗 **Example:** Ek general store ne apni app + WhatsApp AI lagaya. 3 mahine mein — mohalle ke bahar se 40% naye customers, udhaar ka hisaab 100% clear, aur owner ab Sunday ko dukaan band karke bhi orders leta hai.

SMART AI CRM — PART 1

Poora Business, Ek Dashboard Par.

CRM matlab sirf customer list nahi — hamara Smart AI CRM aapke business ka **din bhar ka manager** hai. Daily operations jo ye sambhalta hai:

MODULE	KYA KARTA HAI
 Daily Task Management	Har staff ko subah apne kaam ki list — kya karna hai, kab tak. Kaam complete hua ya nahi — aapko live update. Koi kaam ab "bhool gaya" nahi chalega.
 Tracking	Order kahan hai, delivery kahan pahunchi, kaunsa staff field mein kya kar raha hai — sab real-time track.
 Digital Ledger (Hisaab-Kitab)	Har payment in/out, udhaar, kharcha — automatic entry. Din ke end mein poora hisaab ready. Register aur calculator ki chhutti.
 Staff Management	Kaun aaya, kaun late, kisne kitna kaam kiya — performance saaf saaf dikhega. Ab andaaze se nahi, data se decide karo.
 HR + Attendance	Mobile se attendance, leave request, approval — sab app mein. Na register, na bahaane.
 Salary + Daily Wages	Attendance se salary auto-calculate — daily wages, overtime, advance, kataoti sab included. Mahine ke end ka jhagda khatam.

Malik ka fayda: Pehle aap 10 jagah phone karke puchte the "kya hua?" — ab ek dashboard kholo, **30 second** mein poora business dikh jayega. Chahe aap dukaan par ho, ghar par, ya Dubai mein.

SMART AI CRM — PART 2

Stock, Vendor, Supply — Sab Control Mein.

Business ka paisa sabse zyada kahan doobta hai? **Stock mein.** Zyada mangwaya toh paisa phasa, kam mangwaya toh customer gaya. Hamara system dono bachata hai:

MODULE	KYA KARTA HAI
 Stock & Inventory	Har item ka live count — kya bika, kya bacha, kya expire hone wala hai. Godown se counter tak sab dikhega.
 Smart Stock Alerts	Item khatam hone se pehle alert: "Ye item sirf 3 din ka bacha hai — order karo." Kabhi 'stock nahi hai' bol ke customer nahi lautaoge.
 Vendor Management	Har supplier ka record — rate, payment, purana history. Kaun sasta deta hai, kaun time par — comparison ek click mein.
 Supply & Purchase	Purchase order app se banao, delivery track karo, received stock auto-update. Kaagaz ka jhanjhat khatam.
 Payment Reminders	Kisko dena hai, kisse lena hai — system yaad rakhega aur reminder bhejega. Udhaar wasooli ab system ka kaam.
 Profit Reports	Kaunsa product profit de raha hai, kaunsa sirf jagah gher raha hai — data ke saath decide karo kya bechna hai.

 **Example:** Ek retailer ka 2 lakh ka stock godown mein saal bhar se pada tha — usko pata hi nahi tha. System lagte hi dead stock dikha, clearance sale ki, paisa nikala, fast-moving items mein lagaya. **Wahi paisa ab mahine mein 2 baar ghoomta hai.**

B2B · MANUFACTURER · WHOLESALE

Dealer Se Deal Tak — Sab System Se.

✗ B2B Ki Asli Problems

- ✗ Enquiries WhatsApp/calls mein kho jaati hain
- ✗ Har dealer ko alag rate — confusion aur jhagde
- ✗ Catalogue photo bhejte raho, rate list purani chal rahi
- ✗ Follow-up bhool gaye = order competitor ko gaya
- ✗ Order ka status puchne ke liye din bhar phone

✓ Smart B2B System

- ✓ **Lead Management** — har enquiry capture, assign, track
- ✓ **Dealer Portal** — har dealer ka apna login
- ✓ **Digital Catalogue + Rate List** — hamesha updated
- ✓ **Auto Follow-ups** — AI sahi time par reminder bhejta hai
- ✓ **Order Status Live** — dealer khud dekh lega, phone nahi

FEATURE	FAYDA
Dealer Portal & Handling	Dealer login karke khud order kare, apna rate dekhe, purana hisaab dekhe, payment kare — aapka staff free, dealer khush
Enquiry Management	Website, WhatsApp, IndiaMART, calls — sab enquiries ek jagah. Kaunsi hot hai, kaunsi thandi — AI batayega
Party-wise Rate List	Har dealer/party ka apna rate structure — A-category ko alag, B ko alag. Galat rate ka nuksan band
Reminders & Updates	Naya product, rate change, scheme, payment due — sab dealers ko ek click mein update

Sochke dekho: Aapke 50 dealers hain. Har ek mahine mein 2 order deta hai. Agar system se har dealer sirf **1 extra order** dene lage — kitna revenue badha? Bina ek bhi naya dealer jode.

FACTORY FLOOR SE DISPATCH TAK

Manufacturing Ka Har Kaam — Ek System. Poori Shaanti.

Production, labour, supply, warranty — factory mein 100 cheezein ek saath chalti hain. System sabko jodta hai:

MODULE	KYA KARTA HAI
 Production Tracking	Aaj kitna maal bana, kaunsi line par kya chal raha hai, target vs actual — live dashboard par
 Raw Material & Supply	Kachcha maal kitna hai, kab khatam hoga, kis supplier se kab aayega — production kabhi rukegi nahi
 Dispatch System	Kaunsa order packed, kaunsa nikla, kaunsa deliver hua — dealer ko auto-update, aapko full record
 Warranty Management	Har product ki warranty ka record — claim aaya toh turant verify. Fake claims band, genuine customer khush
 Labour Management	Kitne worker aaye, kis line par lage, daily wages ka hisaab — sab automatic
 Orders Overview	Pending, in-production, ready, dispatched — har order ka stage ek nazar mein

 **Example:** Ek furniture manufacturer ke orders Excel + diary mein the. Dealer roz phone karta "mera order kab?" System ke baad dealer khud portal par status dekhta hai — **roz ke 2 ghante phone calls bach gaye.**

Result: Malik ko factory mein khade hoke nigrani nahi karni padti. Mobile par sab dikhta hai — **production bhi, paisa bhi, aur dimaag ki shaanti bhi.**

INTERNAL MANAGEMENT · HR · EXPENSES

Andar Ka System Strong, Toh Bahar Ka Business Strong.

Customer toh sab sambhalte hain — lekin business andar se tootta hai: staff, kharcha, hisaab. Hamara system andar ka poora intezaam karta hai:

MODULE	KYA KARTA HAI
 Staff Handling	Har employee ka profile, role, kaam, performance — kaun hero hai, kaun sirf hazir hai, data batayega
 Attendance System	Mobile/biometric se attendance — late aana, jaldi jaana, half-day sab record. Mahine ke end mein zero bahas
 Salary & Payroll	Attendance + overtime + advance — salary auto-calculate. Slip generate, record safe
 Internal Expenses	Chai-paani se lekar bijli bill tak — har kharcha entry. Mahine mein pata chalega paisa kahan ja raha hai
 Approvals & Leaves	Leave request app se, approval ek tap mein — na parchi, na sifarish
 Monthly Reports	Sales, kharcha, salary, profit — mahine ki poori picture ek report mein, CA ko bhi bhejne layak

Ek kadvi sachchai: Zyada tar business owners ko apna **asli monthly profit** pata hi nahi hota — kyunki kharche 10 jagah bikhre hote hain. System lagne ke baad pehli baar full picture dikhti hai. Kai clients bolte hain: *"Pata hi nahi tha itna paisa yahan ja raha tha."*

AUR KAUN KAUN SE BUSINESS?

Aapka Business Bhi Is List Mein Hai.

Har business ki problem alag — solution ka tareeka same: **smart system.**

🍴 Restaurant / Food Business

✗ Orders miss, table booking ka hisaab nahi, staff hisaab unclear

✓ Online menu + ordering, table booking app, kitchen tak order auto, daily sales report

🏥 Clinic / Pharmacy

✗ Appointment ka jhanjhat, medicine expiry ka nuksan, patient record kagaz par

✓ Online appointment, expiry alerts, patient history digital, medicine stock system

🔧 Service Provider (AC, RO, Electrician)

✗ Complaint bhool gaye, technician kahan hai pata nahi, AMC yaad nahi rehta

✓ Complaint ticket system, technician tracking, AMC auto-reminders, service history

🚚 Trader / Distributor

✗ Sekdon parties ka hisaab, rate confusion, payment collection ka sar dard

✓ Party-wise ledger, apna rate structure, auto payment reminders, order portal

🎓 Coaching / Institute

✗ Fees follow-up manually, attendance registers, parents ko update nahi

✓ Fee reminders auto, digital attendance, parent app updates, admission leads

💇 Salon / Boutique / Gym

✗ Booking clash, membership expiry yaad nahi, purane customer wapas nahi aate

✓ Slot booking app, membership alerts, offers automation, loyalty points

Aapka business alag hai? Aur bhi achha — hum template nahi bechte, aapke business ke hisaab se custom system banate hain. Bas apni problem batao.

CREATORS · COACHES · ONLINE SELLERS

Followers Hain. Fans Hain. System Kahan Hai?

✗ Online Business Ki Sachchai

- ✗ Enquiries DMs mein kho jaati hain — 60% ka jawab hi nahi jata
- ✗ Payment links manually, hisaab Excel mein
- ✗ Followers lakhon, paying customers muthi bhar
- ✗ Audience platform ki property hai — aapki nahi
- ✗ Raat ko bhi DMs — business nahi, naukri ban gayi

✓ Smart System Solution

- ✓ **Apni website + funnel** — followers ko customers banao
- ✓ **AI Agent 24/7** — DM/WhatsApp enquiry se payment tak auto
- ✓ **Booking system** — slots, reminders, auto payment
- ✓ **CRM** — har lead, har follow-up, har client ka record
- ✓ **Apna data, apni audience** — platform badle, business na ruke

👤 Online Coach / Teacher / Course Seller

- ✓ Batch enrollment, fee auto-reminders, class links auto-send, student portal, course content secure

📷 Influencer / Content Creator

- ✓ Brand enquiry CRM, media-kit website, merch store, AI se collab replies, invoice automation

📦 Dropshipping / Online Seller

- ✓ Apni commission-free store, order tracking, abandoned-cart automation, supplier & returns management

👤 Astrologer / Spiritual Guru / Consultant

- ✓ Appointment booking + payments, consultation reminders, client history, online session links auto

💼 Freelancer / Agency

- ✓ Portfolio site jo leads laaye, proposal follow-ups auto, client portal, milestone payments track

🎥 YouTuber / Podcaster / Community

- ✓ Sponsor CRM, membership site, digital products store, community engagement automation

💡 **Example:** Ek online tutor Instagram DMs se students leta tha — 60% enquiries miss. AI agent + booking system ke baad: har DM ka turant jawab, slot khud book, payment link auto. **3 mahine mein students double, kaam aadha.**

Kadvi sachchai: Instagram/YouTube ke followers **rent ki audience** hai — algorithm badla toh gayab. Apni website + system + data = **aapki apni property**. Audience banana aapka talent hai, usse paisa banana system ka kaam.

BADE BUSINESS · BADA POTENTIAL

Jitna Bada Business, Utna Zaroori System.

High-ticket business mein ek missed lead = lakhon ka nuksan. Yahan system luxury nahi — **zaroorat hai:**

🏠 Real Estate / Builders / Property Dealers

- ✓ Site-visit booking, project catalogue digital, lead CRM (99acres/MagicBricks/ads — sab ek jagah), broker & channel-partner portal, payment milestones, possession updates auto

🛒 E-commerce / D2C Brands

- ✓ Apni commission-free store, inventory sync, order + returns automation, WhatsApp order updates, abandoned-cart recovery, COD confirmation calls by AI

💻 Tech Startups / SaaS / Online Brands

- ✓ MVP & product development, landing pages jo convert karein, user onboarding automation, AI support agent, subscription & billing systems

🏨 Hotels / Resorts / Travel Agency

- ✓ Direct booking engine (OTA commission bachao), package enquiry CRM, itinerary auto-send, payment links, guest follow-up & reviews automation

💎 Jewellers / Premium Retail

- ✓ Digital catalogue app, gold-rate auto updates, EMI/scheme (kitty) management, customer occasion reminders — birthday, anniversary, shaadi season offers

🚗 Automobile Dealers / Service Centers

- ✓ Test-drive booking, service due reminders, insurance renewal alerts, exchange enquiry CRM, delivery milestone updates

🎓 Schools / Colleges / Institutes

- ✓ Admission enquiry funnel, parent app (updates, results, notices), fee management + reminders, staff & transport management

✂️ Interior Designers / Architects / Contractors

- ✓ Portfolio website jo leads laaye, project milestone client portal, vendor & material coordination, stage-wise payment tracking

📦 Import-Export / Logistics / Transporters

- ✓ Shipment tracking portal, party-wise ledger, LR/billing automation, fleet & driver management, delivery proof records

🏥 Hospitals / Multi-Clinic Chains

- ✓ Multi-branch appointment system, patient records central, lab report delivery auto, pharmacy stock, doctor schedule management

Simple math: Real estate mein ek lead ki value lakhon mein hai. Agar system se mahine mein **sirf 1 extra deal** close ho — system ki cost usi din nikal gayi. **Bade business ka matlab bada chaos — ya bada system. Choice aapki.**

WHOLESALE · FMCG · TRADE BUSINESS

Maal Aap Banao Ya Bechao — Orders System Sambhalega.

Trade business mein margin kam, volume zyada — yahan har order, har payment aur har party ka hisaab **system pe hona hi chahiye:**

🏢 B2B Wholesaler Portal

✓ Retailers ke liye bulk-order portal — apna login, apna rate, khud order. Party-wise rates, credit limits, outstanding tracking, order history — phone pe order lena band

📱 Daily Home-Use Products Sellers (FMCG)

✓ Retailer ordering app, salesman route/beat plan, scheme & offers push ek click mein, stock replenishment alerts, daily collection report

🎵 Spiritual Products Sellers

✓ Online store — crystals, rudraksha, puja samagri, yantra. Festival-season demand automation, consultation + product combo booking, COD & shipping integration, WhatsApp catalogue

🍲 Food / Masala / Agro Manufacturers

✓ Dealer order portal, batch & expiry tracking, production planning, distributor claims & scheme settlement, dispatch records

🔧 Hardware / Sanitary / Building Material

✓ Rate-change updates auto (roz badalte rates), credit ledger party-wise, order portal, godown-wise stock, payment reminders

👕 Garments / Textile Wholesalers & Manufacturers

✓ Design catalogue app (photo bhejna band), size/colour-wise stock, agent & party ledger, season booking orders, dispatch tracking

💡 **Example:** Ek FMCG distributor ke 6 salesman roz 200+ dukaanon se orders diary mein likhte the — shaam ko entry, agle din delivery, galtiyan roz. Ordering app ke baad: **order seedha system mein, packing list auto, delivery same-day.** Salesman ab order nahi likhte — nayi dukaanein khodte hain.

Trade ka usool: Jo wholesaler apne retailers ke liye ordering **aasan** bana deta hai — retailer usi se maal uthata hai. Aasani hi loyalty hai. **Aapka portal = aapki party hamesha aapki.**

FMCG · POORI SUPPLY CHAIN

Factory Se Dukaan Tak — Har Level Ka System.

FMCG mein 4 levels hain — aur har level pe maal, paisa aur data leak hota hai. Hamara system **poori chain jodta hai**:

🏭 Level 1 — FMCG Manufacturer / Brand

✓ Primary sales tracking, distributor network portal, production planning, batch & expiry control, scheme design & budget, claims settlement automatic

🏢 Level 2 — Super Stockist / C&F Agent

✓ Inward/outward records, distributor-wise stock allocation, transit tracking, brand ko auto-reporting, godown management

👤 Level 3 — Distributor

✓ Retailer ordering app, salesman beat/route plan, daily sales report (DSR) auto, collections & outstanding, van sales, damage/expiry returns

🛒 Level 4 — Retailer Connect

✓ App se order — salesman ka wait nahi, scheme visibility (jo milna chahiye woh mile), credit ledger clear, delivery tracking

FMCG-SPECIFIC MODULE	KYA SOLVE KARTA HAI
Primary vs Secondary Sales	Factory se distributor (primary) aur distributor se dukaan (secondary) — dono ka sach dikhta hai. Godown mein dabe maal ka pata chalta hai
Scheme & Claim Management	Kaunsi scheme kahan chali, kitna claim banta hai — settlement mahino ki jagah dino mein, jhagde khatam
Salesman Target vs Achievement	Har salesman ka daily beat, orders, collection — live. Kaun field mein hai, kaun chai pe — data batayega
Expiry & Return Control	Near-expiry alerts pehle se — pehle push karo, phir loss book karo. Returns ka poora record
Outstanding & Credit Control	Party-wise credit limit — limit cross toh order hold. Collection reminders auto

FMCG ka sach: Margin 4-8% hai — yahan galti ka matlab seedha loss. Bade brands (HUL, ITC) ke paas ye systems decades se hain. **Ab wahi power aapke budget mein — isi liye toh hum hain.**

COURIER · SHIPPING · LOGISTICS NETWORKS

Har Parcel Ka Hisaab. Har Step Pe Track.

✗ Courier Business Ki Problems

- ✗ "Mera parcel kahan hai?" — din bhar yahi calls
- ✗ Booking registers mein, AWB manually
- ✗ COD ka paisa kab aaya, kiska baaki — confusion
- ✗ Delivery boy ne diya ya nahi — proof nahi
- ✗ Branches/franchise ka hisaab alag-alag duniya

✓ Complete Courier System

- ✓ **Online booking + pickup requests** — website/app se
- ✓ **AWB auto-generate** + live tracking page customers ke liye
- ✓ **COD reconciliation** — collection se settlement tak
- ✓ **Delivery app** — POD photo, signature, location proof
- ✓ **Branch & franchise portal** — sab ek system mein

MODULE	KYA KARTA HAI
Rate Calculator	Weight, zone, service type — customer khud rate nikale, staff ka time bache. Domestic + international dono
Live Tracking + Auto Updates	Har stage pe customer ko WhatsApp/SMS — booked, in-transit, out for delivery, delivered. "Kahan hai" calls 80% kam
International Shipping	Partner carrier integration, customs documentation, country-wise rates, KYC records — India se duniya tak
Franchise / Branch Management	Har branch ka booking, revenue, settlement alag dikhta hai — commission auto-calculate, monthly hisaab clear
B2B Client Portal	E-commerce sellers & regular clients ka apna login — bulk booking, monthly billing, credit accounts
Delivery Rider App	Run sheet auto, navigation, POD photo + signature, cash collection entry on the spot

Courier ka usool: Customer parcel aapko nahi — **bharosa** deta hai. Tracking jitni transparent, bharosa utna pakka. DTDC/Delhivery level ka system, aapke brand ke naam se.

SEEDHA COMPARISON

Purana Tareeka vs Smart System

Kaam	✗ Purana Tareeka	✓ Smart System
Hisaab-Kitab	Register, calculator, galtiyan	Automatic ledger, zero galti
Customer	Jo aaya so aaya	Data + follow-up + wapas bulao
Staff & Salary	Andaaza, bahas, jhagda	Attendance-linked auto salary
Stock	Khatam hone par pata chala	Pehle se alert, auto reorder
Enquiries	WhatsApp mein kho gayi	Har lead track, AI follow-up
Malik ki zindagi	Din bhar phone, tension	Dashboard, control, shaanti

Hum Hi Kyun? Seedhi Baatein:

- ✓ **Desi business samajhte hain** — udhaar, party rates, daily wages, mandi ka system — humein samjhana nahi padega
- ✓ **Hinglish support** — aapki bhasha mein baat, aapki bhasha mein training
- ✓ **Complete system, alag alag tools nahi** — ek jagah sab, ek hi team responsible
- ✓ **AI-first** — hum sirf software nahi dete, aapke business mein AI lagate hain jo kaam karta hai
- ✓ **Affordable** — corporate-level system, chhote business ke budget mein

⌚ Ek baat yaad rakhna: Aapka competitor bhi ye catalogue jaisa kuch padh raha hai. Farak sirf itna hoga — **kaun pehle shuru karta hai.** Jo pehle system lagayega, customer uske paas jayega.

GET A QUOTE · NO HIDDEN COSTS

Har Business Alag Hai. Isliye Pricing Bhi Custom.
